Appendices I and II give lists of various special pay and allowances sanctioned by competent authorities under different classes except class IV -- Mufassal allowance and class VIII--Personal pay.

CLASS I.--SPECIAL PAY FOR SPECIAL WORK

4. Special pays in this class are assigned to posts to which special responsibility is attached or which involve work of a specially difficult and arduous nature. No special pay of this class will be granted unless the particular duties for which an allowance is claimed so far differ, in kind or in intensity, from those for the performance of which the service in question was recruited, as to justify a special remuneration.

CLASS II.--SPECIAL PAY FOR EXTRA WORK

5. The cardinal principle enunciated in Fundamental Rule 9 will be borne in mind and every Government servant to whom a variety of duties is assigned or to whose post a number of duties is attached should carry out those duties without extra remuneration.

If, however, the volume of work assigned to a Government servant is more than a full day's work, the suitable course is either to increase the staff, should the amount of work justify a fresh whole-time appointment or to redistribute the work among the members of the sanctioned staff. Only when neither of these alternatives is found possible, special pay in this class may be sanctioned and that too in cases satisfying the following test:-

If the duties are of a kind outside the normal duties of the service, is the addition to the normal work of the service, which the performance of these duties involve, really so material as to justify the grant of a separate remuneration in order to secure the contented discharge of those duties by the staff.

CLASS III.--SPECIAL PAY FOR DANGEROUS DUTIES AND DUTIES INVOLVING RISK TO HEALTH

6. Special pays in this class are restricted to such cases, which involve specific risk or danger to those engaged therein. No special pays under this class will be granted in cases which do not satisfy the following test:--

Having regard to the conditions under which the normal duties are to be done, is the grant of an additional remuneration for the discharge of those duties in any case justifiable.

CLASS IV.--MUFASSAL ALLOWANCE

7. The localities which have been recognized as sufficiently expensive to justify special compensatory allowances are--

(i) Hill stations:--The Nilgiris Plateau, Valparai sub taluk of Coimbatore district, the Shevaroys, Kodaikanal, Peermade, Sengalteri in the Kalakad reserve of nanguneri range in Tirunelveli Kattabomman district, Mudaliaruth in the Srivilliputhur reserve of Srivilliputhur range in Kamarajar district and Gudalur taluk in the Nilgiris district, Javad Hills and Elagiri Hills in North Arcot district, Kalrayan Hills in the South Arcot Vallalar district and Salem district, Kumili, Bodimettu in Madurai district, Pachaimalai Hills in Salem and Trichirapalli district. Kakachi, Nallamukku, Oothu kuthiravetti and Manjolai in Tirunelveli Kattabomman district.

8. In the places mentioned in rule 7 (i), hill allowance is admissible to all Government servants, The rates of the allowances in these localities, which will be common to all departments, will be determined as shown below:-

(a) Hill allowance:- The rate of Hill allowance to employees working places declared as hill station shall be 20 per cent of the basic pay subject to a maximum of Rs.200/- p.m.

8.A. Winter Allowance is admissible to Government servant in all hill stations at a height of 1000 metres or more above sea level at the rates indicated below:-

a) Hill stations situated in the altitude range 1000 - 1499 metres above the mean sea level	5% of the basic pay subject to a maximum of Rs.50/- p.m.
b) Hill stations situated at an altitude of 1500 metres and more	10% of the basic pay subject to a maximum of Rs.75/- p.m. w.e.f. 1.10.84.

(G.O.Ms.No.560,Finance dated 10.6.85)

At Hosur and Denkanikotta winter allowance continued as a special case w.e.f.12.2.90

(G.O.Ms.No.148,Finance dt.12.2.90)

Note: This allowance is admissible for a period of 4 months from November of a year to the end of February of the succeeding year.

CLASS V-- CONVEYANCE ALLOWANCE

9. As a general rule, every Government servant of a special rank is expected to maintain a conveyance suited to his rank; and he is bound to maintain without claim for a special allowance, such means of conveyance as are requisite for his ordinary duties including touring and normal inspection work attached to his office. In some cases, the pay of Government servants has been fixed with special reference to the expenditure involved in the performance of their duties; and in such cases no further claim for a conveyance allowance can be admitted.

10.(1) A Conveyance allowance may be granted by the State Government to a Government servant, who has to tour regularly within a specified area, for the maintenance of a

specified conveyance and is in lieu of all travelling allowances ordinarily admissible for journeys in the specified area.

(2) A Government servant in receipt of a conveyance allowance, who is required to tour on duty outside the specified area, may draw either conveyance allowance for the days on which such tour is made, or, in lieu thereof, travelling allowance under the ordinary rules in respect of the entire tour beyond the specified area whichever is higher.

The term "entire tour" means the journeys performed on the days on which a Government servant proceeds outside, or returns to, the specified area, and the tour outside that area. A halt for a portion of a day made in the specified area while proceeding outside, or returning to it, may, subject to the provisions of rules 62 and 63 of the Tamil Nadu Travelling Allowance Rules, be counted as part of the tour for purposes of this rule.

Note:-Proportionate conveyance allowance need not be deducted for days on which a Government servant on tour procceeds outside or returns to the specified area and draws only railway fare for the journeys involved. In cases where even a portion of a day is counted for drawal of daily allowance in addition to railway fare, conveyance allowance will not be admissible for the day.

11. A condition precedent to the drawing of conveyance allowance is that the Government servant concerned must certify in the bill in support of the claim that the conveyance for which the allowance is drawn was actually kept in good order and used by him during the month. When a conveyance, for which a conveyance allowance is drawn, is temporarily out of use, the conveyancee allowance may continue to be drawn upto a maximum period of ten days. A Government servant provided with Government vehicle is not entitled for conveyance allowance.

11(a). A Government servant who is not required to maintain a specified conveyance as a condition precedent to the drawal of the allowance shall certify in the bill in support of the claim that the actual expenditure incurred by him in the month on hiring a conveyance or maintaining a conveyance for his tour was not less than the amount of the allowance claimed.

12. Appendix I to these rules contains a list of conveyance allowance sanctioned by Government and specifies the particular conveyance which the Government servants concerned are required to maintain as a condition precedent to the drawal of the allowance, when such a condition is prescribed.

CLASS VI - HOUSING

13. This class gives a list of the cases in which Government permit (i) rent free quarters, (ii) house rent allowance in lieu of free quarters and (iii) free electric installation and free supply of electric energy.

14. The grant of free quarters is admissible only to the cases specified in the appendices.

15. Government servants who have been permitted by a specific order of Government, to enjoy the concession of free quarters pending a change in the incumbency will not be affected so long as they remain in their present posts.

NOTE;- A change in the incumbency occurs as soon as a Government servant in the occupation of rent-free quarters or in receipt of house-rent allowance is transferred permanently. The concession is not admissible when such an incumbent is subsequently retransferred to the original post. If however (i) the incumbent goes on leave and returns on the expiry of the leave to the same post, or (ii) reverts to it after a temporary transfer thereform, he will be entitled to the concession although the incumbent officiating in his place will not be eligible for it.

CLASS VII-MISCELLANEOUS ALLOWANCES

16. Miscellaneous allowances include uniform, ration and washing allowances, compensation to medical officers for loss of private practice, etc. are shown in the appendices. They also include equipment allowance.

The following rules shall regulate the grant of equipment allowances:-

(1) The allowance will be sanctioned only to officers going abroad on deputation to colder countries where warm clothing is absolutely necessary. It is admissible only to those whose deputation period is treated as on duty. Officers who go abroad on their own will not be eligible for this allowance.

(2) The amount of allowance will be equivalent to the minimum of the time scale of the post in which the officer is acting, rounded to the next higher hundred rupees; subject to a maximum of Rs.1000/- and a minimum of Rs,750/-.

(3) An officer will not be eligible for this allowance for a second time, before the expiry of three years after the drawal of the allowance for the first time. The head of the

department recommending the sanction of allowance to an officer should furnish a certificate to the effect that no equipment allowance has been sanctioned to the officer in the preceding three years. A similar certificate should be furnished by the drawing officer also at the time of drawing the allowance.

(4) The officer should furnish within three months from the date of drawal of the allowance a certificate to the effect that the amount of allowance drawn by him was spent for the prupose for which it was sanctioned.

(5) An officer, who could not draw the allowance before his departure abroad and who meets the expenditure on the purchase of warm clothing initially from his own funds, may draw the allowance while he is abroad or on return from abroad, provided he furnished a certificate to the effect that he has spent an amount from his private funds not less than the amount of allowance for the purpose for which the allowance was sanctioned.

CLASS VIII- PERSONAL PAY
